## 負責醫師訓練協同訓練模式

義大醫療體系下可分為三個院區，分別為義大醫院、義大癌治療醫院及義大大昌醫院。承接中醫負責醫師訓練計畫之院所為義大癌治療醫院，因部內有兩位指導醫師分別執掌於義大醫院與義大大昌醫院，故為使受訓學員有更為完善的訓練環境與多元的學習經驗，與義大醫院、義大大昌醫院簽訂協同訓練合約，依照擬訂之協同訓練計畫書執行訓練。

受訓醫師至協同訓練院所的訓練評核方式，分為筆試與多樣考核評量，係用來評量受訓學員學習情形。受訓醫師於每一科別的筆試有學前、

學後測驗，以利評核學員於訓練的過程中是否有學習到扎實的臨床技能，當學後測驗成績低於合格成績（60分），將由臨床指導教師提供輔導與補強訓練，並於輔導後再次進行測驗，直至通過測驗（成績達60分）為止；多樣考核評量則有mini-Cex（圖1）、360度評核（圖2）、教師教學評量及受訓醫師滿意度（圖3）等。

This figure shows a scanned copy of the mini-Cex form used for Traditional Chinese Medicine training at E-Da Cancer Hospital. The form includes sections for patient information, clinical presentation, differential diagnosis, treatment plan, and patient education. It is filled out with handwritten responses.

圖1 mini-Cex表單

This figure shows a scanned copy of the 360-degree evaluation form for Traditional Chinese Medicine training at E-Da Cancer Hospital. It consists of two main parts: a self-assessment section and a peer assessment section, both with Likert-scale rating scales from 1 to 5.

圖2 360度評核表

This figure shows a scanned copy of the survey form for Trainee Physician Satisfaction at E-Da Cancer Hospital. It includes sections for general satisfaction, teaching methods, and specific feedback on the training experience. There are also sections for the teacher's name and contact information.
